

Product of the Month!

Alastin Restorative Neck Complex

This next-generation skin tightener for neck and décolleté firming treatments was specifically formulated to address the unique challenges of the delicate skin below the chin and above the chest, such as crepey skin and photo-aged discoloration accumulated over time. This elegant neck and décolleté skincare formulation incorporate TriHex Technology®.

- Improves the appearance of crepey skin, fine lines, and wrinkles.
- Minimizes the appearance of redness and discoloration.
- Helps increase skin hydration.
- Works with the skin to clear out damaged elastin and collagen.
- Supports the production of new, healthy elastin and collagen.
- Works synergistically with neck tightening, toning, and pigmentation removal procedures.
