# **Nano-needling Rescue Facial**

IS YOUR SKIN IS FEELING DRY AND  
DULL??

**THEN THIS FACIAL IS FOR YOU!**

This facial starts with Microdermabrasion to polish and exfoliate all the dead skin off. A Lactic acid is then applied to brighten and make the Skin glow. A Papaya Enzyme takes the skin to the next level by decongesting all those clogged pores. It is then finished with pure Hyaluronic acid Serum that's needed into the skin.
